

AQ ANTON Kft. – Company Presentation

WE ARE RELIABLE

AQ Group

Total: 5000+ employees
300+ MEUR Sales Turnover

AQ Anton | Company Profile

- Foundation: 1992
- Production location: Zalaegerszeg (Hungary)
- Activities: Tooling, Machining, Plastics
- Turnover: 22MEUR (2017)
- Employees: 450

Segments

Industry

Divisions

Quality Management Systems

TOOLING	PLASTIC	SPECIAL MACHINING
ISO 9001	ISO TS 16949 Automotive	EN 9100 Aerospace
OHSAS 18001 Health & Safety		
ISO 14001 Environmental		

Production Area

Special Machining
2 800 m²
(2008-2014)

Plastic
2 400 m²
(2004)

Tooling
2 800 m²
(1999)

Design & Development

- Part Design Consultancy
- Injection Mould Design
- Machining Fixture Design
- Machining Technologies
- Special Machine Design

Tool Production

- Multi-component Injection Moulds
- Machining Fixtures
- Prototype Tooling
- Special Machines

Plastic Production

- 1K/2K/3K/4K technology
- Injection molding machines (21)
 - 1K: 80-350t
 - 2-4K: 400t
- Metal insert overmoulding
- Weight balanced parts
- Central material dispatching system
- PA, PP, TPE, ABS, PPS, POM, PBT, TPU ...
- Additional technologies:
 - Ultrasonic Welding
 - Hot Stamping & Tampon Printing
 - Conditioning

Special Machining

- Conventional machining:
 - 3 & 5-axis CNC Milling
 - 3 & 5-axis CNC Grinding
 - Hot Forging
- Non-conventional machining:
 - 3-axis EDM Sinking
 - 5-axis EDM Fasthole
 - EB Welding
- Inspections:
 - Airflow
 - FPI
 - CMM ...
- Ni Based Materials:
 - FSX-414, GTD-222, GTD-241
 - GTD-262, Nimonic 263, René 80
 - Inconel, Hastelloy ...
